 - 8) G.O (Rt.) No.29/2019/Envr dated.12.04.2019.

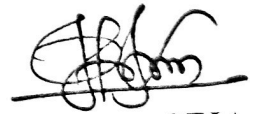

ORDER

Sri. Mohammed Shareef, Kuttikkadan House, Athavanad P.O, Malappuram submitted an application for Environmental Clearance through PARIVESH on 09.10.2020 for the Granite Building Stone Quarry Project for an area of 0.8786 Ha in Re.SyNo.82/1-20 in Puzhakkattiri Village, Perinthalmanna Taluk, Malappuram District.

2. After due appraisal in various meetings, in the 131st meeting, the Committee examined the proposal, documents submitted and discussed the Field Inspection Report, conducted on 23.6.2022. It is observed that the existing old quarry cut across the drainage line of a milli-watershed. The upper slope region of the site is very steep and the slope above the proposed site is also very steep. The land stability within and upper slope region of the terrain is very fragile. Considering the land vulnerability of the upper slope region located in continuity of the project site and the obstruction to the first order drainage through the proposed project area, the Committee observed that it is not desirable to consider the project for environmental clearance from the point of view of Precautionary Principle. The Committee, therefore recommended the rejection of the proposal.

3. In the 118th meeting, the Authority agreed to the recommendation of SEAC to reject the proposal and inform the same to Project Proponent quoting the reasons for rejection.

4. In the above circumstances, the application received for the Environmental Clearance from Sri. Mohammed Shareef, Kuttikkadan House, Athavanad P.O, Malappuram for the Granite Building Stone Quarry Project, for an area of 0.8786 Ha in Re.SyNo.82/1-20 in Puzhakkattiri Village, Perinthalmanna Taluk, Malappuram District is hereby **REJECTED**, due to the reasons mentioned in Para 2 above.

Administrator, SEIAA
For Member Secretary, SEIAA
