- b. Re-examine the cost estimation given for STP, as Rs 52 lakh, considering the secondary and tertiary treatment, as proposed above.
- c. Undertaking that action will be taken for ensuring to use water efficient plumbing features and twin line plumbing system, for ensuring recycle/reuse of treated waste water.
- d. Earmark a convenient location in the site plan, with sufficient covered storage space, for non-degradable solid waste (dry waste), for ensuring hygienic storage and periodical handing over of the same to Recyclers/ Local body.
- e. Earmark a convenient location in the basement Floor / at site, for ensuring hygienic storage space for biodegradable waste (wet waste) and biogas plant, for ensuring usage of biogas, within the compound.
- ~~f.~~ Plan for developing a Compensatory Afforestation Plan, at suitable location inside/ outside the project area, following the norms of minimum of 1 plant per 80 sqm plinth area, specified in the KMBR.
- g. Give details of pumping test conducted, in the two available wells at the proposed site, for knowing yield, zone of influence of well and aquifer response, while pumping from a single well as well as from both.
- h. Details of storm water drainage plan in the proposed site, considering recharge potential of proposed water abstraction points in the boundaries and proposed rain water harvesting.
- i. Details of proposed delay pond, and settling facility proposed, for imparting primary settling of storm water.
- j. Plan / Undertaking that, action will be taken for planning and implementing proper facilities for tapping Solar Energy in the Roof Top of proposed building, (even though there is a mention of 60 kWp capacity solar water heating system in the EMP), for harnessing solar power for meeting partial energy requirement and for exploring possibility for linking it with KSEB power line.
- k. Revised CER following the latest MoEF&CC guidelines.
- l. Undertaking that action will be taken for ensuring to plan and implement a realistic and suitable green area development, with suitable species of trees and plants, specifically suitable for the area. Also committing that vegetation will be adopted appropriately on the ground as well as over built structure such as roofs, basements, podiums etc.
- m. Undertaking that action will be taken for ensuring to plan a climate responsive design as per Green Building Guidelines and also committing that exposed roof area and covered parking will be covered with material having high solar reflective index.
- n. Undertaking that action will be taken for ensuring that the building design will cater to the differently-abled citizens.
- o. Undertaking that action will be taken for ensuring that the design of the building will be done in compliance to Energy Building Code as applicable.
